CONDIZIONI GENERALI DI VENDITA

DISPOSIZIONE GENERALE

La vendita è regolata dalle sottorportate condizioni generali predisposte dal venditore ed accettate dal compratore (salva contraria convenzione accettata dal venditore in forma scritta) di cui il compratore dichiara di avere avuto accurata esposizione e di avere preso consapevole conoscenza.

Eventuali condizioni particolari non previste nella presente scrittura e connesse in specifiche ragioni commerciali, dovranno essere concordate per iscritto tra la Casa venditrice ed il compratore, non avendo né dipendenti, né gli agenti, né i distributori poteri per modificare le condizioni generali ed obbligare il venditore.

PROPOSTA E CONFERMA D'ORDINE

La proposta d'ordine raccolta dagli agenti deve intendersi "senza impegno" da parte del venditore sia con riferimento alla successiva accettazione dell'ordine che alla compatibilità delle quantità e dei termini indicati nell'ordine stesso con la produzione; ciò al fine di garantire il rispetto dell'impegno contrattuale.

La proposta d'ordine è irrevocabile per il compratore con l'obbligo per il venditore di sciogliere la riserva entro 30 giorni dalla data proposta. Il silenzio del venditore oltre il 30mo giorno implica accettazione dell'ordine.

CONSEGNA E MODO DI TRASPORTO

Salvo contrario patto scritto, l'obbligazione del venditore di consegnare si intende perfezionata con la presa in carico della merce da parte del vettore, anche se incaricato dal venditore stesso, presso gli stabilimenti della Casa venditrice. Il venditore non risponde per fatto colposo o doloso del vettore e neppure per caso fortuito, il cui rischio rimane esclusivamente a carico del compratore.

Sono a carico del compratore le spese concernenti il trasporto e la relativa assicurazione, oltre alle spese relative ad imballi speciali, palette e palletizzazione.

VIZI - DIFETTI - DENUNCIA - RESPONSABILITÀ DEL VENDITORE

Il compratore deve verificare la merce al momento del ricevimento, in particolare deve controllare che la cosa venduta abbia le qualità pattuite dai contraenti sia idonea all'uso cui è destinata.

Eventuali difformità o vizi del prodotto acquistato, immediatamente visibili e/o accertabili, devono essere denunciate alla casa venditrice, a pena di decadenza, nel termine perentorio di otto giorni dal ricevimento a mezzo mail con ricevuta di ritorno.

Non costituiscono vizi o difetti eventuali leggere differenze di carattere tecnico riguardanti colore, qualità e finiture che rientrino nei limiti della tolleranza, e, pertanto, queste non potranno costituire oggetto di denuncia.

La restituzione della merce non è consentita salvo espressa autorizzazione rilasciata dal venditore.

Il venditore non risponde per i vizi o difetti derivanti dall'impiego dei prodotti in modo difforme dalle istruzioni ricevute dalla casa venditrice. Il venditore non risponde, altresì, per difetti o vizi dovuti a manomissioni del prodotto o ad uso improprio dello stesso.

Cataloghi e listini prezzi del venditore - benché redatti in buona fede e soggetti ad aggiornamenti - hanno funzione informativa e promozionale e non comportano obblighi e responsabilità per il venditore.

PREZZO

I prezzi del prodotto sono quelli indicati nel listino della Casa venditrice in vigore al momento dell'accettazione dell'ordine e sono comprensive delle spese di caricamento della merce sui mezzi di trasporto.

Il costo della fornitura, comprende oltre al prezzo le spese di imballo standard.

MODALITÀ DI PAGAMENTO

Il pagamento del prezzo, comunque avvenga, si intende fatto presso la sede del venditore.

L'obbligazione di pagamento include l'adozione di misure atte a consentire l'effettuazione concreta del pagamento, che deve avvenire nel termine previsto dall'ordine senza necessità di richiesta da parte del venditore.

La divisa in cui va effettuato il pagamento sarà indicata specificatamente nella conferma d'ordine, l'unica che abbia efficacia vincolante.

La Casa venditrice si riserva di praticare sconti in relazione ai quantitativi acquistati e sconti fedeltà.

MANCATO O RITARDATO PAGAMENTO

Nel caso di pagamento mancato o ritardato rispetto a modalità e termini previsti nella conferma d'ordine, il venditore potrà scegliere tra il risolvere o il dare esecuzione al contratto. Ove il contratto sia risolto il venditore ha diritto a trattenere i pagamenti già ricevuti a titolo parziale o integrale di risarcimento del danno. Ove il contratto non venga risolto il venditore è legittimato a sospendere la propria prestazione ex art. 1460 del Codice Civile Italiano.

Nel caso di ritardo nel pagamento decorreranno a favore della Casa venditrice gli interessi convenzionati di mora sull'importo scoperto, con tasso pari a quello praticato dalla Banca Centrale Europea, maggiorato di 5 (cinque) punti, salvo il diritto ad ulteriore risarcimento del danno.

RISERVA DI PROPRIETÀ

Qualunque sia, per qualità e quantità, la composizione del prodotto venduto, la fornitura è unica e, pertanto, il trasferimento della proprietà della merce dal venditore al compratore avviene in un unico contesto all'atto dell'integrale pagamento del prezzo, anche in caso di adempimento parziale.

Nel caso di atti esecutivi il compratore si impegna a rendere noto all'ufficiale giudiziario, la sua qualità di mero depositario delle cose e deve comunicare entro le 24 (ventiquattro) ore a mezzo raccomandata a.r. alla Casa venditrice ogni esecuzione forzata sulla merce di propria esclusiva proprietà. Ove, in forza della presente clausola, il venditore si avvalga della riserva, il compratore si obbliga a consentirgli l'accesso alla propria sede ed il ritiro del prodotto.

TUTELA DI IMMAGINE

Il compratore da atto che è a conoscenza dell'immagine commerciale che è associata ai prodotti della casa venditrice e, quindi, si impegna a non compiere alcun genere di operazione che possa compromettere, anche su base territorialmente circoscritta, detta immagine.

È vietato l'uso di nomi, segni distintivi, marchi e creazioni pubblicitarie che contraddistinguono l'immagine, diverso dalla mera esposizione finalizzata alla vendita al pubblico, salva espressa autorizzazione scritta della Casa venditrice.

NATURA DEL RAPPORTO CONTRATTUALE

Il rapporto contrattuale cui le presenti condizioni negoziali danno luogo è a tutti gli effetti una compravendita.

Il ripetersi anche periodico di contratti di compravendita non comporta l'instaurazione tra le parti di rapporti negoziali di durata, né di esclusiva, posto che le presenti condizioni generali esauriscono la propria efficacia nell'ambito dell'unica fornitura prevista dalla conferma d'ordine.

La Casa venditrice è libera, pertanto, di vendere il proprio prodotto anche a più grossisti o produttori operanti nel medesimo comparto commerciale del compratore, senza che questi possa mai opporgli violazione di un diritto di esclusiva.

GIURISDIZIONE - LEGGE APPLICABILE - FORO CONVENZIONALE

Tutte le controversie relative al presente contratto saranno risolte in via definitiva in conformità al Regolamento di Mediazione / Arbitrato Curia Mercatorum eccetto i procedimenti di ingiunzione per il recupero del credito e le fasi di esecuzione casi per i quali le parti espressamente prevedono la ricorribilità diretta alle ordinarie sedi di giustizia. Il foro competente è quello di Napoli e la procedura si terrà in lingua italiana.

GENERAL TERMS OF SALE

GENERAL PROVISIONS

This sale is subject to the general conditions hereinafter described set by the seller and accepted by the buyer (unless differently specified and accept by the seller in writing); the buyer states these conditions have been clearly exposed and he acknowledges them.

Any special conditions, not mentioned in this writing and linked to special commercial reasons, must be agreed upon in writing by the selling firm and the buyer, since employees, agent or distributors are not empowered to amend general conditions and bind the seller.

ORDER PROPOSAL AND CONFIRMATION

The order proposal received by agents must be considered as "not binding" on behalf of the seller, both for the following order acceptance and for the compliance of quantity and terms specified on the order; this aims at ensuring that the contract is met.

The order proposal is irrevocable for the buyer, and the seller is obliged to fill out the reserve within 30 days from the date of proposal. If no answer is received from the seller after 30 days, the order is accepted. In any case, the seller reserves the faculty to fulfill the contract by partial deliveries.

DELIVERY AND MADE OF TRANSPORT

Unless other wise specified in writing, seller's obligation to delivery in intended to be carried out when goods are taken on at the seller's factory by the carrier, even charged by the seller himself. The seller is not responsible for any negligent or fraudulent act of the carrier or fortuitous event; this risk is under buyer's sole responsibility.

Transport and insurance expenses are charged to the buyer, as well as expenses for special packagings, pallets and palletization.

FAULTS - DEFECTS - COMPLAINT - SELLER'S RESPONSIBILITY

The buyer must check goods upon reception, particularly checking that qualities of goods sold are as agreed upon by contracting parties and are eligible for being used as required.

Any difference or fault of the product purchased, being immediately visible and/or verifiable, must be reported to the selling firm, under penalty of nullity, within the peremptory term of eight days from the date of reception by registered mail with advice of receipt.

Any slight technical difference concerning color, quality and finishing within tolerance limits is not considered as fault or defect; thus, it cannot be the object of reports.

Goods cannot be give back, unless expressly authorized by the seller.

The seller is not responsible for any faults or defect arising from product use non-complying with instructions issued by the selling firm.

Moreover, the seller is not responsible for any faults or defects due to tampering of improper use of the product.

Seller's catalogs and price lists - even if drawn in good faith and subject to updating - only have information and promotion purpose, implying neither bonds nor responsibility for the seller.

PRICE

Product prices are as mentioned in the price list of the selling firm in force when the order is accepted and include expenses for loading of goods on means of transport.

The cost of supply, includes price and standard packaging expenses.

FORM OF PAYMENT

The payment, independently of its form, is intended at the seller's seat.

The payment obligation includes the adoption of measures allowing payment, in practice, which must be carried out within the term specified on the order, without any request by the seller.

The payment currency unit is specified on the order confirmation, the only being binding.

The selling firm reserves to grant discounts depending on quantities purchased and fidelity discounts.

NON-PAYMENT OR DELAYED PAYMENT

In case of non-payment or payment delayed with respect to forms and terms specified in the order confirmation, the seller can decide whether to cancel or execute the contract. If contract is cancelled, the seller has right to keep payments already received as partial or integral indemnity for damages. If contract is not cancelled, the supplier is authorized to interrupt its job, under art. 1460 of Italian Civil Code, whose text is specified at the foot of these conditions.

In case of delayed payment, conventional default interests on overdraft are reckoned to the advantage of the selling firm, at the same rate as BCE's rate, increased by 5 (five) points, unless right to further indemnity for damages is recognized.

PROPERTY RESERVATION

Independently of composition of the product sold, in terms of quality and quantity, there is a single supply, thus goods property is transferred from seller to buyer in a single action, when the whole payment is made, also in case of partial fulfillment.

In case of execution, the buyer engages himself in informing the bailiff about his acting as mere depositary of goods and must inform the selling firm about each execution of judgement concerning goods of his exclusive property, within 24 (twenty-four) hours by registered mail with advice of receipt.

If, under this clause, the seller avails himself of this reservation, the buyer obliges himself to allow him access to his seat, as well as to take the product.

IMAGE PROTECTION

The buyer formally acknowledges that he knows the business image associated to products of the selling firm; thus, he engages not to compromise this image, also on a limited area, in any way.

It is forbidden any use of names, distinctive signs, marks and advertising creations typical of this image, being different from mere exhibition for public sales, unless expressly authorized in writing by the selling firm.

NATURE OF CONTRACT RELATIONS

The contract relation, generated by these trading conditions, is a buying and selling contract, for all purposes.

Repeated sale contracts, also routinely, does not imply the establishment of long-term trading relations or exclusive relations between parties, since these general conditions are only effective within the scope of the only supply specified in the order confirmation.

Thus, the selling firm is free to sell its product to several wholesale traders or producers, acting in the same trade sector as the buyer's and the buyer cannot appeal for infringement of exclusivity right.

JURISDICTION - APPLICABLE LAW - CONVENTIONAL COURT

Any dispute relating to this contract shall be finally settled in compliance with Mediation \ Arbitration rules of Curia Mercatorum, except the summary orders for the collection of debts and the executory proceedings, in which the parties agree expressly to apply directly to the ordinary seats of justice. The proceedings shall be held in Napoli and in Italian language.

LANGUAGE OF THE CONTRACT

Each article of these conditions, drawn in Italian and English languages, has been discussed and approved by the contracting parties. Anyway, the Italian text is deemed to have higher validity.
