

The image features four modern lighting fixtures by Tom Dixon against a dark background. At the top center is a large, black, teardrop-shaped pendant light with a textured, metallic-looking interior. To its left is a smaller, black, cone-shaped pendant light. To its right is a smaller, black, teardrop-shaped pendant light with a dark lower half and a lighter upper half. Below these three is a large, white, teardrop-shaped pendant light with a dark lower half and a lighter upper half. The fixtures are suspended by thin black cords. The lighting creates soft shadows on a reflective surface below.

Fat

Fat Spot takes its cue from theatrical stage lighting. Available as a floor or table light it is fully adjustable on its base, enabling its dramatic beam to be directed in any direction. The shade is formed using a process of vacuum metallisation; vaporising a small amount of pure copper and then sucking it on to a surface with an electrical charge.

Fin

A celebration of engineering and lighting technologies, Fin is a self contained light comprising both light and shade in one. Six high powered LEDs are mounted on a printed circuit board and fitted under a cast acrylic convex lens, which gives an intense brightness and casts beautiful overlapping rays of light onto nearby surfaces and objects.

Glass

Inspired by molten globules of glass that come from the furnace ready to be blown, Glass pendants distort the light as it filters through the dense raw glass to give a magical luminosity. Mouth blown, they are exceptionally hardwearing and satisfyingly heavy.

Installation

To assist with installation of the Pendant System and pendants, the metal mounting plate has pre-drilled holes with easy to follow co-ordinates, allowing a flexible positioning of pendants within a cluster.

Detailed plans of the configurations and co-ordinates for multiple product clusters will be available to download directly from the Tom Dixon website.

In addition, the circular white Plastic Fascia covers the Mounting Plate and can be primed and painted to compliment any interior environments.

How the Pivot codes work

The code works in three parts, first is the Pivot chair/stool (PIC01/02/PIBS01), then the fabric range code (eg: RE for Remix) and the colour code for the fabric (0113). To view the different fabric options and colour codes please visit the Kvadrat website - www.kvadrat.dk

Scoop

Scoop is all about comfort. It is generously proportioned with a seat that has a scooped shape, designed to hold the sitter in an enclosed space. The fluid form is achieved by applying upholstery to an injection-moulded hard foam shell. Solid wood or copper plated steel legs create a stable support.

Y

The four-legged base from the Y Chair shows dual functionality as it forms the basis for the feet of the highly versatile, distinctive Y table. An ideal cafe table made with Bounce tops formed from durable polyurethane, in plain black or with coloured enamel. It can also be used with any of our smaller table tops.

Y

A product which balances the three most important requirements demanded of a contract chair: durability, a striking silhouette and an ergonomic form. The Y Chair's expressive shape is injection moulded in glass-reinforced nylon which means that the material can be recycled, is fatigue resistant, and absorbs shock and load through its flexibility.

Y Chair

YC01SLBL Y Chair - Black Shell & Black Sled Base
 YC02SLWH Y Chair - White Shell & White Sled Base

Type Chair
Material Shell: Glass Reinforced Nylon
 Legs: Steel
Colour ● Black ○ White
Custom Custom colours available, please enquire for minimum order quantities

Price per unit, pack and sold as a pair ONLY.

NB. Requires assembly

NB. Nylon feet included, felt feet optional (surcharge applies, please enquire). Maximum stacking height 8 chairs. Finish: Steel with a textured powder coat in black or white.

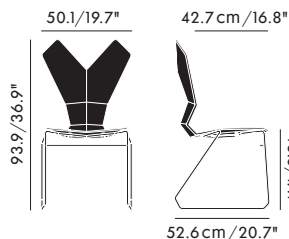

Y Chair

YC02SWAL Y Chair - White Shell & Aluminium Swivel

Y

Shell

The glass-reinforced, textured nylon shell (PA6-GF30) is available in both black (RAL 9005) and white (RAL 9010). Custom colours are available for volume orders.

Bases

The Sled base is made of steel and suitable for occasional outdoor use; available in black (RAL 9005) or white (RAL 9010) powder coat and will stack to a maximum of 8 units.

The Swivel base is made of sandblasted aluminium and is available in clear lacquer or black powder coat.

The Wood base is made of natural oak and is available with a clear lacquer or black stain. A copper-plated stretcher completes the base.

All options come with nylon feet (felt feet are available on request).

Upholstery

The Y Chair is also available upholstered with either a seat pad or a seat & back pad. The upholstery is made from thermo compressed foam covered with Kvadrat Divina Melange 2 fabric, affixed to the shell with industrial adhesive. The upholstered version for the Sled base can be ordered with an optional stacking plate to protect the upholstery.

Environment & Tests

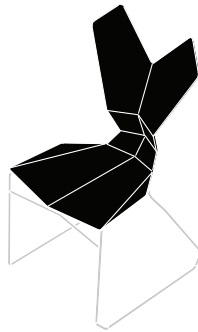

The Y Chair can be easily dismantled and is 100% recyclable. The chairs have been tested for general contract use and are suitable for the following applications: office buildings, showrooms, public halls, function rooms, cafés, restaurants, canteens, banks, bars and the home.

* Kvadrat colour codes

Cleaning Instructions: Clean with a soft damp cloth. No abrasive agents.

How the Y Chair codes work:

The code can be made up of nine parts:

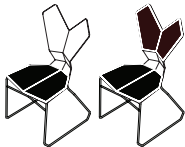

- Y Chair code - YC
- Shell colour - Black (01) or White (02)
- Base type - Sled (SL), Wood (WO) or Swivel (SW)
- Base colour - Sled comes in Black (BL) or White (WH), the Wood comes in Natural (NA) or Black (BL) and the Swivel comes in Black (BL) or Aluminium (AL)
- Upholstery - Seat pad only (S) or Seat pad and back rest (F)
- Fabric - Divina Melange 2 (DI)
- Fabric colour - Light Grey (0120), Grey (0170), Dark Grey (0180), Yellow (0421)
- Stacking Plate - Sled only (P)
- Felt Feet - Sled and Swivel only (F)

Below is a breakdown of the code and an example for Y Chair Black with Black Sled and Seat Upholstery in Divina Melange 0120.

Y Chair Code	Shell Colour	Base Type	Base Colour	Upholstery	Fabric	Fabric Colour	Stacking Plate	Felt Feet	Example
YC	01 (Black) 02 (White)	SL (Sled) SW (Swivel) WO (Wood)	BL (Black) WH (White) NA (Natural) AL (Aluminium)	S (Seat pad) F (Full Seat pad & Back)	DI (Divina Melange 2)	0120, 0170, 0180, 0421	P (Sled only)	F (Sled and Swivel only)	YC01SLBLS-DI0120PF

To view the different fabric options and colour codes please visit the Kvadrat website - www.kvadrat.dk

Please see back pages for fabric care and guidelines.

Upholstery

Payment Terms for Proforma Customers:

Goods will be despatched only upon receipt of payment in full from the Customer. For all orders, a deposit of 50% and a signed copy of the order is required prior to the commencement of manufacture unless otherwise agreed. Further 50% required prior to despatch.

Order non-cancellable by the Customer on receipt of the Confirmation of Order being signed.

Packaging:

As standard, all goods are packed with a heavy duty plastic wrapping.

Wingback chair is packaged in a box with built in pallet. For ex works orders, we recommend crating. Prices are detailed alongside each item in the pricelist. These prices include IPCC fumigation.

Discount does not apply to wooden crating pricing. Crating recommended.

Delivery time:

Production time is usually 6 – 8 weeks upon receipt of your signed order confirmation.

Please note production times for Customer's Own Material (C.O.M.) will commence only when the full correct fabric has been received by the factory and deposit and signed order confirmation are received.

Warranties (in addition to normal Tom Dixon terms & conditions of sale):

The Customer will be responsible for inspecting the Goods. It is a condition of the Contract that any shortage or defect be notified to the Company in writing together with photographic proof within five working days from the receipt of goods.

Normal wear on fabrics and finish as well as indirect damage to persons or articles is not covered by this warranty.

Where a defect has been notified, the Customer will, if so requested by the Company, return the Goods to the Company at the Customer's expense. If the Company subsequently confirms that the returned Goods contain defects attributable to the Company, the reasonable costs of re-delivery incurred by the Customer will be refunded. The warranties given above will not apply to defects that are due to fair wear and tear, accidental damage or failure by the Customer or any third party to adhere to the Company's instructions or written recommendations. *see below for C.O.M. fabric guidelines.

Customers Own Material / Fabrics on upholstery pieces:

For all Customer's Own Material (C.O.M.) upholstered items a fabric sample is required to be sent to the factory to be tested and approved for upholstery in advance of order placement and confirmation.

It is the responsibility of the Customer to ensure the selected fabric is suitable for the intended environment. Tom Dixon cannot take any responsibility for the performance of the fabric or any improper use. It is the responsibility of the Customer to ensure they follow the Care & Maintenance guidelines provided by the manufacturer. Seek further advice from the fabric supplier where required.

Wingback

Wingback fabric requirements for C.O.M.
(minimum 1.4m width):

Product:	Fabric length (metres):
Wingback Chair	9
Wingback Sofa – 2 Seat	11
Wingback Sofa – 3 Seat	14
Wingback Stool	2

It is required by law to apply an interliner (a barrier cloth) to any item of furniture that is to be delivered in the UK that has a non FR rated fabric. It is the responsibility of the Customer to advise if the C.O.M. fabric supplied requires an FR interliner. Any other regional requirements will need to be agreed in advance of order placement.

A 30cm x 30cm fabric sample is required to be sent to the factory to be tested and approved for upholstery in advance of order placement and confirmation.

Please send all approved C.O.M. fabrics (along with your Tom Dixon Order Reference Number) to:

George Smith

Unit 5 - Moorland Way
Nelson Park Industrial Estate West

Care & Maintenance Instructions

Fabric

On receipt of your upholstered furniture please remove all the wrapping exercising care not to damage your piece. Please see below for care instructions for our standard fabrics.

Please see www.kvadrat.dk for fabric care and specific cleaning instructions. Kvadrat offer a 10 year quality guarantee on all their fabrics.

Care instructions for cotton

The day-to-day care of cotton is the same as for wool. Many types of stain can, as a rule, be removed using warm water. If necessary, repeat cleaning using a neutral cleaning agent, possibly soapy water. It is important to rinse with clean water. When removing stains, caution must be exercised, i.e. do not rub too hard on the fabric, since there is a risk of friction marks. Removable covers can usually be washed, although there is a risk of shrinking. This can, however, to a certain extent be minimised by replacing whilst slightly damp.

Care instructions for wool

Daily care and immediate stain removal will ensure that your wool upholstery will keep looking good for many years to come. It is normally sufficient to regularly vacuum and air furniture upholstered in wool fabric. However, it is a good idea to clean the wool fabric occasionally. Use an approved wool shampoo and follow the instructions carefully. Take care never to saturate the wool fabric. Never use undiluted cleaning agents, bleaching agents, ammonia or soap intended for hard surfaces.

As a rule, many types of stain can be removed using warm water. Please refer to the Care & Maintenance instructions provided with the product for further information and on www.tomdixon.net for further information about washing temperature and shrinkage please visit the Kvadrat website.

Kvadrat offer a helpful guide for treating particular stains www.kvadrat.dk/textiles/care/

WARNING! Be careful when using solvents, because these could dissolve the upholstery material beneath.

General information

These tips are purely recommendations and cannot guarantee 100% stain removal. In all cases, we recommend contacting a professional cleaning establishment, particularly for bigger stains and for thorough cleaning. Please consider the properties of the high quality natural material and ensure that appropriate fabric is selected for the environment it will be used in. For further advice please contact your sales advisor.

Take great care when unzipping covers and replace them correctly. Never force a zip and avoid trapping fabric when fitting.

Polycarbonate Metallisation Process:

The Mirror Ball range, Copper Shade, Copper Blow Shade and Fat Spot are all products which share the same special vacuum metallisation process which has been developed over a number of years by Tom Dixon in partnership with our factory. The technically complex nature of this process (i.e. applying a very thin layer of real metal to the internal surface of a polycarbonate form, which is then UV coated) requires highly skilled workers, specific machinery and clean environments to meet our demanding quality levels. We have sought to perfect this process by carefully controlling the extremely small holes that can appear at times within the metal coating. In addition to research and development of the production process, we also adhere to specific European Directives (such as "The Restriction of Hazardous Substances Directive" (RoHS) 2002/95/EC) and certain safety standards required by the international marketplace (British Standard, European Certificate, UL Rating, CCC and so on). Metallised polycarbonate products are only guaranteed against non-aggressive atmospheric conditions & therefore must only be stored & installed in temperature controlled environments to preserve the quality of the product.

Marble:

Marble is an exceptionally porous natural material and greater care must be taken with it. Avoid wine, oil based products and foods, vegetable and fruit dyes or acids coming into direct contact with the surface. Please be aware that Marble will have some natural occurring variations in colour and veins and fissures which will display the natural inherent behaviours of the material and are not covered by our returns policy. As a natural product, no two pieces will be exactly alike.

Wood:

Please be aware that colour and grain variations will occur naturally. All timber will display movement from season to season due to changes in atmospheric pressure and humidity. We do not recommend locating products in excessively high or low temperatures. Direct sunlight will cause the colour of solid or painted wood to change. This will be more readily apparent when placed directly under a window.

General Care Advice

Avoid exposing products to excessive heat e.g. by placing in front of a radiator, as this can cause cracking. A minimum 30cm clearance from heat source is advised.

Bulb Changes Effective from September 2011 and ongoing

New laws have been passed in Europe and the United States relating to eco-halogen lamps. By September 2014 the supply of compliant lamps will not be available to Tom Dixon so we will no longer supply lamps with any of our lights from this time onwards. We strongly recommend customers to buy the equivalent class A energy rated LED Megaman lamps through our B2B portal. We have provided a table showing which lamps are suitable for each of our lights. For more information please visit www.tomdixotrade.net

Dramatic lighting effects, Huge energy savings

Taking the first step towards transforming the world of decorative lighting, Tom Dixon has partnered with global brand, MEGAMAN®, to now offer LED lamps for our lighting collection using the latest in high performance LED technology.

This initial range of MEGAMAN® LEDs offers a variety of perfect replacements for halogen lamps. Specifically selected for use in decorative applications, these MEGAMAN® LEDs provide a combination of dramatic lighting effects and substantial energy savings.

Demonstrating that energy efficiency really can look aesthetically attractive, MEGAMAN® LED lamps:

- Use on average 80% less energy than their halogen equivalents
- Have around 10x longer lifespan than their halogen equivalents
- Offer short average payback times on domestic and commercial installations of 8 months and under
- Are fully dimmable from 100-10%

MEGAMAN® is committed to providing light in a way that is truly sustainable, energy-saving and of such a quality that it brings a positive difference into the lives of all who use the company's innovative LED lamps.

Pricing Terms:

This price list is valid from May 2014 and supersedes all previous lists. Prices will be evaluated after 6 months. Prices are quoted in Euro.

The Company reserves the right to change list prices at any time and on any product without prior notification.

Prices are based on economic conditions and the best knowledge of the Company at the time of publication.

The Company reserves the right to change form, appearance and/ or execution of the listed models.

Orders will only be considered placed once a formal receipt of Confirmation of Order has been provided by the Company. Order confirmation is final and binding. Any subsequent change or cancellation is subject to the Company's consent.

Warranties:

The Customer will be responsible for inspecting Goods upon delivery and it is a condition of the Contract that any shortage or defect in Goods at delivery are notified to the Company in writing together with photographic proof within 5 working days from the receipt of goods.

A one year limited warranty against manufacturing defects is offered on standard goods (materials and construction). Normal wear on fabrics and finish as well as indirect damage to persons or articles is not covered by this warranty.

Where a defect has been notified, the Customer will, if so requested by the Company, return the Goods to the Company at the Customer's expense. If the Company subsequently confirms that the returned Goods contain defects attributable to the Company, the reasonable costs of re-delivery incurred by the Customer will be refunded.

The warranties given above will not apply to defects that are due to fair wear and tear, accidental damage or failure by the Customer or any third party to adhere to the Company's instructions or written recommendations.

Any modifications made to the product by the customer will void the warranty.

Installation:

All our lights are indoor use only. They should be installed by a qualified electrician. Installation must be carried out in accordance and compliance with current building regulations.

Because of the variety of different ceiling types and construction Tom Dixon cannot advise on fixings. Please check the type of ceiling construction you have and use appropriate fixings that are suitable for the weight of the light being installed. Please note replacement bulbs should be in accordance with recommendations in the product instructions.

Terms and Conditions of Sale

1. Pricing

- 1.1. Prices charged will be the current list price on the day on which the Order is placed unless otherwise stated in writing by the Company. The Company reserves the right to change list prices at any time and on any product without prior notification.
- 1.2. Where the Company's quotation contains prices which are different from the published price list and the Order is placed within 30 days from the date of the quotation, then the prices shown in the quotation shall be the prices payable for the Goods.
- 1.3. Unless otherwise stated in the Contract, prices are quoted exclusive of value added tax and sales tax, carriage and freight which will be payable in addition.

2. Delivery lead times

- 2.1. The Company will make all reasonable efforts to deliver all Goods within the period stated upon Confirmation of Order. The Company will not have any liability to the Customer for any delay in delivery.
- 2.2. An Order will only be considered placed once a Confirmation of Order has been provided by the Company.
- 2.3. The Customer will be responsible for inspecting Goods upon delivery and it is a condition of the Contract that any shortage or defect in Goods at delivery are notified to the Company in writing within five working days from the delivery date.

3. Payment terms

- 3.1. 30 Day Terms: If there is sufficient available credit on your account, orders will be despatched and all invoices will be due in 30 days from date of invoice. Any other terms, only by the express prior consent of Tom Dixon.
Proforma Terms: Full payment must be received in the form of cleared funds before your order can be despatched. Goods will be despatched only upon receipt of payment in full from the Customer. All orders require a deposit of 50% and a signed copy of the Order is required prior to the commencement of manufacture unless otherwise agreed. Proforma invoices that remain unpaid after due date, Tom Dixon reserves the right to unreserved the stock.
- 3.2. Where goods are ordered to a specific Customer specification, it is the responsibility of the Customer to verify the specification of the goods as outlined in the Confirmation of Order provided to the Customer.
- 3.3. If a custom ordered item meets the specification agreed to in advance on the Confirmation of Order, these goods may not be returned under any circumstances.
- 3.4. Invoices that are not disputed within 20 days of invoice date are conclusively deemed accurate.
- 3.5. You shall pay the undisputed portion of the fees promptly and provide written details specifying the basis of any dispute.
- 3.6. For non-stock (bespoke) items a non-refundable 50% deposit is payable at point of order.

4. Property and Risk

- 4.1. The risk of loss or damage to the Goods passes to the Customer upon delivery.
- 4.2. Any Goods delivered to the Customer remain the property of the Company until payment in full of all amounts due to it from the Customer has been received by the Company.
- 4.3. No re-sale of the Goods by the Customer shall take place until payment is made in full to the Company.

5. Unexpected Events

- 5.1. If the Company is prevented from carrying out its obligations to the Customer by a cause beyond its reasonable control, including fire, flood, storm, failures of sub-contractors or transport, industrial action or acts of God, the Company shall not be liable for any failure or delay. However, the Company will try to find alternative ways of performing its obligations where possible.

6. Guarantees and Liability

- 6.1. The Company will have no liability to the Customer or any third party if the Customer does not comply in all respects with the Company's instructions in relation to the product.

- 6.2. If the Customer notifies the Company immediately it becomes aware of any defect in the Goods which appears within one year of delivery, the Company will, at its option, either repair or replace any Goods found to be defective due to faulty manufacture or materials supplied by the Company.
- 6.3. Where a defect has been notified, the Customer will, if so requested by the Company, return the Goods to the Company at the Customer's expense. If the Company subsequently confirms that the returned Goods contain defects attributable to the Company, the reasonable costs of re-delivery incurred by the Customer will be refunded.
- 6.4. The warranties given above will not apply to defects that are due to fair wear and tear, accidental damage or failure by the Customer or any third party to adhere to the Company's instructions or written recommendations.
- 6.5. All terms, conditions and warranties implied by law, trade use or otherwise (including but not limited to any warranties as to quality or fitness for purpose) are excluded to the extent permitted by law. The Customer, by entering into the Contract, acknowledges that the only warranties are those given expressly by the Company in these Conditions.
- 6.6. Under no circumstances will the Company have any liability to the Customer for any loss or damage (whether direct, indirect or consequential and whether in contract or in tort) except as expressly stated in these Conditions. However this will not relieve the Company from its legal liability for death or personal injury which is due to the negligence of the Company.

7. Default

If the Customer:

- a. commits a breach of contract, or
- b. fails to make a payment on the due date; or
- c. becomes insolvent or has a receiver appointed then, in any such case the Company shall be entitled either to suspend the supply of Goods or, at its option, to cancel the Contract and repossess any Goods for which payment has not been received in full. The Company shall also have this right if it reasonably considers that any of the events mentioned (a), (b) or (c) above are likely to occur.

8. Severance

If any provision of these Conditions is held by a court to be unenforceable, the remaining provisions of the Contract will continue in effect.

10. General

- 10.1. The Company has the right to sub-contract its obligations.
- 10.2. The Contract shall be governed by the laws of England and Wales.

11. Disputes

Any dispute between the parties shall be finally determined by the courts of England and Wales and the parties agree to submit to the jurisdiction of those courts.

12. Spare parts

Tom Dixon will aim to hold a selection of spare parts for discontinued products for a minimum period of 2 years from the date of issued product discontinuation. After this date, the company will not be held responsible for the replenishment of parts for these products.

13. Divisibility Clause

This contract is divisible. Each delivery made hereunder shall be deemed to arise from a separate contract and shall be invoiced separately; any invoice for a delivery shall be payable in full in accordance with terms of payment provided for herein, without reference to and notwithstanding any defect of default in delivery of any other instalment.

All products offered by the Company are supplied expressly upon these terms with no additions or modifications.

UK Terms and Conditions

– Retail price list.

Prices are inclusive of shipping for orders with a invoice value greater than 300 net within the United Kingdom.

– IPPC Pallets - 30 each.

– For UK orders under 300 net, shipping is charged at 35 per order.

Delivery Time:

For stock products, delivery time from despatch is 3 days for England and up to 1 week for Ireland, Scotland and Wales depending on availability. All items are stock products, unless otherwise indicated. For non-stock products, lead time is noted next to the product.

Deliveries can be made to the 'account holders' address only.
ANY SHORTAGES OR DAMAGES MUST BE REPORTED WITHIN FIVE WORKING DAYS
WITH PHOTOGRAPHIC EVIDENCE WHERE POSSIBLE.

Rest of World Terms and Conditions

– Orders charged at UK prices.

– Ex Works Terms apply. All export documentation (Commercial Invoice and Delivery Note) will be supplied by Tom Dixon. All carrier correspondence and collections are to be arranged exclusively by the client as Tom Dixon does not deal with Ex Work Certificate of Origin 40 per document.

– Ex works pickup must take place within two weeks of order despatch, a storage charge will apply after this point. After 4 weeks Tom Dixon reserves the right to cancel the order and return the goods back to stock with a restocking charge.

– Where a customer has not collected their EXW order within 2 weeks of the Shipping Advice Date, Tom Dixon reserves the right to cancel the order and return the items to stock with a restocking charge.

TOM DIXON CANNOT BE HELD RESPONSIBLE FOR ANY LOSS OR DAMAGES
INCURRED DURING TRANSIT BY EXWORKS CARRIERS.
FAULTY ITEMS MUST BE REPORTED WITHIN FIVE WORKING DAYS WITH
PHOTOGRAPHIC EVIDENCE WHERE POSSIBLE.
